

“All kids need a little help, a little hope, and somebody who believes in them”

We Care We Share

The Sustainable Development Goals are national commitments and efforts to improve the welfare of society including 17 global goals and targets for 2030 declared by both developed and developing countries at the UN in September 2015.

The 17 goals are:

No Poverty; (2) No Hunger; (3) Healthy and Prosperous Lives; (4) Quality Education; (5) Gender Equality; (6) Clean Water and Sanitation; (7) Clean and Affordable Energy; (8) Decent Work and Economic Growth; (9) Industry, Innovation and Infrastructure; (10) Reduced Inequalities; (11) Sustainable Cities and Settlements; (12) Responsible Consumption and Production; (13) Addressing Climate Change; (14) Ocean Ecosystems; (15) Land Ecosystems; (16) Peace, Justice and Resilient Institutions; (17) Partnerships for the Goals.

PT SHIMIZU BANGUN CIPTA KONTRAKTOR participates and contributes to Sustainable Development Goal No. 4, "Quality Education". Our company cooperates with communities, NGO/foundations in conducting these social activities. On 30 September 2023, PT SBCK also invited employees to support the Quality Education programme for underprivileged street children.

This social program complements teaching facilities, provides school needs in the new school year such as tuition fee support (cash donation), 75 set uniforms, laptop/computer, stationery, and also reading books to encourage children who are less active in learning to be able to survive and compete with other common children in this era of globalisation. PT SBCK has also shared happiness and organised various interesting activities with the children, including the introduction of postcards, making postcards, drawing competitions, storytelling, and dancing together. The children really enjoyed the time with us.
