

Joint NUS-Shimizu Executive Seminar BUILD SINGAPORE: TAKING THE NEXT LEAP TOGETHER!

Shimizu Open Academy is part of a global initiative by Shimizu Corporation, whereby we share our knowledge and demonstrate our technological expertise. This second seminar organized jointly by NUS and Shimizu is also a testimony of our long-standing relationship.

This year's theme "Build Singapore. Taking the next leap together!" is chosen as we celebrate Singapore's 50th birthday. It is also timely for us to anticipate what the next leap will be for our construction industry as we continue to "Build Singapore." Apart from SG50, Shimizu Singapore is honoured to partner National University of Singapore to celebrate NUS 110.

The event was graced by Guest of Honour, Ms Rita Soh, Nominated Member of Parliament, His Excellency, Ambassador of Japan to Singapore, Mr Haruhisa Takeuchi, as well as 261 participants comprising students, clients and consultants.

The topics shared:

How does Human Capital affect Productivity?

BIM: Some Legal Implications

Underground Construction

Ocean Spiral
