

Building a Greener Community

The wet afternoon on 15 Dec 2017 did not dampen the spirits of participants at Shimizu's Annual Plant-A-Tree event at Yishun Community Hospital (YCH), which was completed by Kimly-Shimizu Joint Venture in Dec 2015.

Industry partners, family and friends were prepared to get themselves all dirty and muddy for a good cause. 140 trees were planted at the field opposite to YCH and S\$28,000 was donated.
