

# Together We Plant a Tree for a Greener Future

In line with our corporate slogan “Today’s Work, Tomorrow’s Heritage”, despite the COVID-19 impacts, we continue to support this campaign and leave a living heritage for the next generation. Together with the contributions from staff, sub-contractors, family & friends, we raised an amount of **S\$15,840** in support of Singapore’s One Million Trees Movement. We would like to thank all donors for their generous support. This year’s event was held, in accordance with Safe Distancing Measures, on 10 Nov 2021 at East Coast Park.
