

# AISIN

---

**Client:**

Aisin U.S.A. Mfg., Inc.

**Facility Type:**

Manufacturing Facility and Offices

**Location:**

Seymour, Indiana

**Size:**

130,000 s.f. (Phase 1), 120,000 s.f. (Phase 2)

**Construction Date:**

August 1987 (Phase 1), May 1989 (Phase 2)

**OVERVIEW:**

Shimizu North America worked with Aisin to develop a Master Plan, then designed and built Phase 1 and 2. In addition to offices and an automotive moldings plant, a separate waste water treatment facility was constructed. Shimizu North America's full-scope involvement extended from site selection to post-construction maintenance.
