

SEKISUI KY

**Client:**

Sekisui S-LEC America, LLC

Facility Type:

Automotive Units Manufacturing Facility

Location:

Winchester, Kentucky

Size:

78,000 s.f.

Construction Date:

January 2006 - May 2007

Overview:

The new facility sits on a 23 acre site, and has 13,000 s.f. on office space and 65,000 s.f. of manufacturing space. The manufacturing process is almost entirely automated and amazingly, only 15 employees are needed in the manufacturing building to oversee the operations during a shift.

WINNER - 2008 9th Annual Design-Build Awards South East/Design-Build Institute of America
