

# YOKOGAWA

---

**Client:**

Yokogawa Corporation of America

**Facility Type:**

Manufacturing Facility

**Location:**

Newnan, Georgia

**Size:**

80,000 s.f.

**Construction Date:**

June 1988 - March 1989

**Overview:**

Shimizu North America performed the design and construction for this plant expansion. The project included office, warehouse, showroom and production facilities for manufacturing process instrumentation equipment. The construction of the project was planned and managed to assure minimum interference with the client's normal plant operations.
